

ST.COLMCILLE'S NATIONAL SCHOOL
BIGWOOD
MULLINAVAT
CO. KILKENNY
IRELAND

MARCH 2010

To whom it may concern.

The staff and pupils at St. Colmcille's NS, Bigwood would like to extend their thanks, gratitude and good wishes to the Funky Kids club. The school and pupils have benefited greatly from having the Funky Kids experience.

From start to finish, the experience has been positively uplifting. All the children were treated equally and each individual was nurtured and catered for. They all enjoyed and looked forward to every minute of the learning and performing experiences. It inspired, excited and instilled a new confidence in the children. Most of all it was always lots of fun.

The organisation and planning by Dennis and Olivia was first class and the staff were embraced and constructively involved from start to finish without any pressure or increased workload. The Funky Kids professional approach and communication ensured that everybody's needs, skills and individuality was catered for and utilised as they took care of every detail.

The ten weeks culminated in an excellent show that united a community in two nights of fun, delight and laughter. The results of this have been a revelation as everyone has been inspired by the impact of the experience.

I hope I have given a sense of the value we have placed on the Funky Kids Club in our school. I wholeheartedly recommend the experience to all schools and groups.

Sincerely yours

**Sabrina
