To Whom It May Concern,

It is with great pleasure that I write this Letter of Recommendation for The Funky Kids Club Creative Workshop.

Denis and Olivia presented their workshop in our school over a ten week period between September and December 2007. Each week they taught spectacular song and dance routines to all the children in the school. They also conducted art classes in which the children decorated costumes and props. The work culminated in a fantastic musical, sound and light extravaganza attended by parents and friends.

From the outset, Denis and Olivia's approach to the workshops was professional, well-organised and structured. Their ability to cater for all the children with sensitivity was very noteworthy. They co-operated respectfully with all staff members and we all found Denis and Olivia a pleasure to work with.

The children responded with the utmost enthusiasm to the workshops. The loved coming to school on the days they were held, loved learning the songs and dances but, most important of all, loved working with Denis and Olivia. We noticed a growth in confidence and ability in the children as the weeks went on.

The response from parents to the workshop has been nothing short of overwhelming. They were bowled over by the Funky Kids Show which took place just before Christmas. The atmosphere on the day, combined with the children's obvious enjoyment, confidence and enthusiasm, were commented on by all who attended.

We've already been asked by many parents if the workshops will be continuing next year, as they consider them to be great value for money. Indeed, we've already booked Denis and Olivia for next September and look forward to working with them again.

I have no hesitation in recommending Funky Kids to your school.

Yours sincerely,

Brid O'Riordan. (Principal)
