To whom it may concern

Denis and Olivia Staunton of the FunkyKids Club are currently presenting a drama course to our pupils. The excitement and anticipation of the children on Tues/Wed is a joy to behold. On those two days we have nearly 100% attendance, which is testament itself to how succesful this project is. Leaving school each evening a chorus of songs can be heard as the children "sing themselves home".

Denis and Olivia have a wonderful relaxed way in dealing with the children, yet they achieve so much in each session. The progress that has been made in art and craft, music and movement is amazing. Both are persons of the highest integrity, totally committed to their work yet so relaxed in their approach.

They work hand in hand with the teachers in delivering the curriculum and yet every aspect is carried out in a fun way. They laid out a scheme of work before they began working with the children, which each teacher recieved and approved.

We consider our school lucky to have Denis and Olivia providing such an essential programme for our children. I highly recommend them to any school fortunate and visionary enough to use their expertise to deliver the drama project. You will not be disappointed.

Yours Sincerely

Mary O' Carroll
Principal
